gare9514's Review of TS Veronica - Spicy Details

General Description
 Veronica is a very nice girl, she knows how to treat you. Also tries her best to make feel as comfortable as possible. She deserves more than just one time.

The Juicy Details
 Veronica met me at the door, and she gave a hug. I was pretty nervous but we talked for ten minutes and that made me feel more comfortable. She asked me to lay and she started the best massage ver. She knows very well how to touch each part of your body. The I flipped and she gave me a HJ, and her hands are so soft that I couldn't last for too long. She said she wasn't done. Continued with the massage and put me the cover to start with a Bj, and gotta say she has amazing skills and an amazing mouth. I loved to feel it. I came after 15 minutes and I was completely relaxed at the end of the visit. Worth every second with her and I will repeat. You should give Veronica a try.
